VISION

Iredell County free from the harm substance misuse brings.

MISSION

Inform and educate the community to create advocates for reducing substance misuse in Iredell County.

WHO WE ARE

DACI members represent all sectors of the community.

WHAT WE DO

These are some of the FREE resources DACI distributes to the community

Medication Lockboxes

Narcan Kits

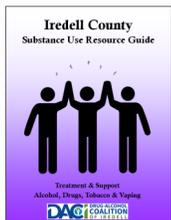

Operation Parent Handbooks

Medication Disposal Kits

Fentanyl Test Strips

Substance Use Resource Guides

Locking Medication Pouches

HOW WE DO IT

Strategies for Community Level Change

PROVIDING INFORMATION – Educational presentations, workshops or other data presentations (e.g., public announcements, brochures, community meetings or social media).

PROVIDING SUPPORT – Creating opportunities to support people to participate in activities that reduce risk or enhance protection (e.g., providing alternative activities, mentoring, referrals, support groups or clubs).

CHANGING CONSEQUENCES (INCENTIVES/DISINCENTIVES) – Increasing or decreasing the probability of a specific behaviors (e.g., increasing public recognition for deserved behavior, individual and business rewards, scholarships, citations, fines or revocations/loss of privileges).

MODIFYING/CHANGING POLICY – Formal change in written procedures, by-laws, proclamations, rules or laws with written documentation and/or voting procedures (e.g., workplace initiatives, law enforcement procedures and practices, public policy actions and systems change within government, communities and organizations).

BUILDING SKILLS – Workshops or other activities designed to increase the skills of participants, members and staff needed to achieve population-level outcomes (e.g., training, technical assistance, distance learning, strategic planning retreats and curricula development).

ENHANCING ACCESS/REDUCING BARRIERS – Improving systems and processes to increase the ease, ability and opportunity to utilize those systems and services (e.g., ensuring childcare, transportation, safety, special needs and cultural and language sensitivity).

PHYSICAL DESIGN – Changing the physical design or structure of the environment to reduce risk or enhance protection (e.g., parks, landscapes, signage, lighting or outlet density).
